Yes
24. The sides of bleeding pit where cut takes place - is it cleaned, hosed or blood covered with sand (no pools of blood) between cuts Yes
Was slaughter of large stock observed? They do not slaughter large stock
Comments I carried out the inspection at the facility. I met with the owner of the property who also organized everything.

No contraventions observed during the time of my inspection.

Apart from the continued prayers playing in the background, the general noise is kept to a minimum. People are told to stand behind a barrier and only the slaughterer and handlers are allowed by the sheep.

They will only have about 5 sheep left to slaughter tomorrow.

Signed
