Comments I arrived at the facility and sawthat sheep waiting for slaughter could observe the ines being slaughtered. I asked them to get something to obstruct the view which they did. They got a big blue piece of shadecloth and fastened it on the gates so the sheep waiting couldnt see the slaughter taking place.  
The staff carried sheep upside down. I had to show the different groups how to carry sheep correctly . They complied and fixed everything like they should.  
They only slaughtered Saturday.
