Inspector:	JEFFREY MFINI

Type:	DOCKET DISCUSSION
Follow-Up Date:	2025-07-04
Comments:	Unfortunately the animals cruelty charges were not added into the docket, according to public prosecutor, we will have to open or proceed with animals cruelty separately from this docket. The public prosecutor, the legal lawyer, Shiven and myself we had a meeting, the legal lawyer wanted to tell us that, the accused pleaded guilty on the charges. I had to leave the court, then Shiven and I we agreed that, he will wait for the result and he also handed over his details to the public prosecutor as he had other cases to follow-up. I will follow up on Shiven later today.
