Inspector:	JULIAN VAN DER ZANDT

Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2025-08-06
Comments:	I have spoken with the Dr. Deepali and she confirmed that the lab results indicate that the dog does have Lupis and will require chronic medication. Dr. called the owner on the 25th and informed the owner of the results and the owner said she would come in the same week to get the medication but she has not yet come. I will follow up next week at the property and ensure the owner comes for the meds.
