Comments:	Upon arrival accompanied by officer Ndzondzo we met with cashwin along with his mother who gave us access to the property. The conditions of where max is living had improved , majority of the hazardous materials were removed however , logs and firewood were still present within Max's living space. Cashwin was advised to remove those remaining logs. Cashwin informed us that due to the weather they kept max inside under the carport area next to the bungalow. Max does go out during day onto the field attached a running chain with access to his food and water and shelter. Follow up in next 3 days.
