Comments:	I went to the residence that has a security boom access. They apparently called Mr Mandela who said he was home but when i got to the house no one answered or came to the door. I then sar outisde Mr Mandelas residence and called him and he answered. I explained to Mr Mandela that until i inspect the property and the dogs welfare and find it all up to par, the case can not be closed. He said he understood but the biilding was still not done due to the weather. I am making my follow up for Friday for the last call and then make a date and time for inspection.
