Subject: Re : reharrasment and threatening

Good day I have been constantly harassed by one of your inspectors and telling me to surrender my dogs . I have lost my job last year July 2024 and I have been unemployed for this time. I have been relaying on my mother Natasha Jantjies as she is the only working currently in a household of 9 people . Last month we had water pipes stolen out of my mom house while I was gone on an interview later that day . Two days the front gate was broken and they had almost broken into my uncles bakkie so yes I need my dogs here at home I am trying to get funds to try and get them food everyday . But this is the first time that an inspector comes this numerous times to my mother home and threaten her with his actions . I Annalise is the owner of all three dogs as I have raised all of them . But this not right what this inspector is doing to act like this yes I am struggling with everything and with thieves that are trying their devious ways . But I will not surrender my dogs . I will love so help yes I will not decline at all with dog food . But this inspector Julian is not understanding my current sitauation . I will leave my contact details 0744828049.

Waiting for a favourable respond
