Comments:	Janine came to me regarding this dog and informed me that X-rays was done but she could not give me a bill as the paperwork was not captured yet. The owner will have to be responsible for the bill and if they cannot pay it then we unfortunately cannot return the dog as this is the general rule of hospital. Insp Ayanda to check with Janine what the bill is and inform the owner in person because we don 't have a contact number for them.
