Follow-Up Date:	2025-07-03
Comments:	I called Mr Akhona as per controls note. He explained that he has just returned from Eastern Cape and his Mom was looking after the dogs and is not able to drive. He suspects that the injured dog may have tried to paw through the gate and that's how the scratch had resulted. He said that his animlas all have records at Blue Cross Vet and he would be taking the injured one (although already healing) to the vet on Thurs as that is his only flexible day from work. I said i would call on Thurs morning and arrange with him to come after his appoitment .
