Good Day

I wish to report a case of gross neglect and abuse of a dog at attached address and coordinates.

This dog wonders around all day from morning till noon and has been going on for about three months. We first noticed her with pups wondering around but since has been wondering around alone looking for food. We have tried to get close to her to feed her but she runs away when you approach.

Now I'm not here to judge anyone and do not know circumstance of the individual's who own the dog but I can guarantee they know full well their dog wonders around in the busy streets and taxi rank adjacent to their house and that they neglect their dogs and do not deserve to have dogs.

Please could you investigate the matter at the address I have attached as well.

Regards,
Morne Nicol
