Comments:	I phoned and spoke to Sydney. He wanted to know who phoned us and when I told him that I can't tell him, he got angry and stated im a liar because according to him, i told his wife that she phoned us. He told me that he will be home at 5 and if I can't meet his demands, then we must apply for a warrant. He stated that there are a puppy and a adult dog on the property but there is nothing wrong with his dogs as the 1 dog is just old. I spoke to the complainant who told me that she didn't see the dog and was not at the property as she received the information from someone who also got the information from someone who saw the dog but don't have a contact number for the person who took the photo. As discussed between supervisor, inspector Philander and chief Inspector Jaco, case to be allocated to after hours inspector
