Inspector:	NAKITA SUTTER

Type:	CALL RECORD - MADE
Follow-Up Date:	2025-07-04
Comments:	I called Citivet to confirm Carolines story. There is a vet by the name of DR George but Kirsty the receptionist is not aware of 8 dogs being treated by them. Caroline said she would be taking the dogs today so my follow up remains for next week when Caroline said she will have documents in order. I will then meet with George to discuss the way forward.
