One of the very best things you can do to give me a long and healthy life is to vaccinate me against common diseases.
 My mother gave me immunity during my first few weeks by disease-fighting antibodies in her milk.
 Now it is up to you to keep my vaccinations up to date as advised by my vet!

To whom it may concern.

I am writing to express my concern regarding the sterilisation of dogs, Roxy (2 years old), Chico (1 year old) and Vaanis (3 months old).

I understand the importance of population control and the benefits of the spaying/neutering. However, after careful consideration, I have decided that I do not wish to have my dogs sterilised.

I would appreciate it if you could respect my decision and discuss alternative options with me. I am committed to providing responsible care for my pets and ensuring their well-being.

Thank you for your understanding and attention to this matter.

Sincerely,
Ashley Bradley Gordon
