Type:	CALL RECORD - MADE
Follow-Up Date:	
Comments:	I phoned and spoke to the complainant. I explained to him that since the dog is kept at the back of the property, that we are not able to see immediatly when we arrive if the dog is chained or free roaming and will need him to take photos or video of the dog being chained and if he does that, that most likely, the owner will know that he is the complainant even though we try and keep him anonymous which he understood. He mentioned that in the last few months, he only observed the dog being tied once. He told me that he will take photos and video if it happens again and will then male contact with us. Case csn be closed for now
