Subject: ADDITIONAL FEEDBACK

Good Morning

Please see photos taken yesterday from the same property where I was told that the shelter these dogs have are sufficient.

They have building rumble in the property now, the doggie that is still on a chain no matter if the gate is open or closed the car is pulled in or outside can hardly move around his "hok".

The hok is in a terrible state and no animal should have that type of shelter, and again the rain is coming for the rest of the week. If you can please have a look at this property again.
Please reference case number INSP217108 for easy retrieval.

Kind regards,

Lindi Theron
