Good day Chantelle,

Thank you for your email. We understand your concern for the welfare of the dog in question. Please be assured that this matter has been logged under reference number INSP218784 and is being attended to by our Inspectorate.

Our inspectors follow a legal process when addressing reported neglect cases, which includes visits to assess the animal's condition and ensure the necessary evidence is gathered. We are unable to remove an animal without following these prescribed procedures, as this ensures that any action taken is legally enforceable.

Kind regards,
