Comments:	The owner came to the office on Friday, 8 August 2025, and brought his affidavit for the account of events. He stated that he was away for work and that the dog was on his mother's property. He said his cousin was in charge of the dog but he also says he does not know what happened to the dog. There is a lot of information missing in this case and the way forward with the dog needs to be decided. I think the owner should get a APA fine from LE and his dog should be returned based on a property inspection or he can surrender the dog to the SPCA. I will consult the Chief tomorrow regarding this and decide ont he way forward.
