Comments:	The owner was here this morning after the SMS that I had sent him. He said that he wants his dog back and I told him that is fine but it will be subjected to certain conditions, which he was fine with. I also explained to him that he will be getting a fine for what happened to the dog because he is ultimately the owner and needs to make sure that his animal is always safe and not subjected to any cruelty in any form. Office M. Alexander of LE issued the owner with a fine. We need to draw up the release agreement and do a property inspection before the dog is released, the dog is sterilized so that is not an issue - Insp Jeff to please do a property inspection tomorrow before the dog goes home .
