Please describe the concern you have

On two occasions, months in between, I have observed a dog (short haired, white and black) on a very short chain outside this house. I am concerned that this dog is never let off this chain.

Attached is a screenshot of a video (1 July 2025) i took that shows the chain on the dog.

(I am currently out of the country and only contactable via email or +4917634384876)
