Subject: Possible Welfare check - Neglected dog

Good Day,

I hope someone can assist me as I am not 100% sure where to report or get information on what to do about a dog that lives across the road from us in Peerless Park North - Kraaifontein.

I am truly concerned about her and would really like to arrange a welfare check or some kind of inspection ASAP if possible? My reasons for this is because I don't think she is being fed properly if at all, I am not sure if there is even a bowl of water out for her and the absolute worse is that no matter what time of day or night she is always lying outside the front door in a tiny ball freezing. She lies and cries from about 9pm until late every evening.

She seems to be a cross between a Jack Russell and Fox Terrier, so she has very short hair not providing much heat on these ice-cold conditions and I am not sure she has got anywhere warm to sleep at night or even a blanket/ pillow to sleep on. I have tried to see if I can spot a kennel or anything for her but unfortunately from where I am I don't see anything at all.

If someone could please just lead me in the right direction or advise me on what to do, I would truly appreciate it. I am unfortunately unable to take her in as I have a 3-yr old female German Shepherd that has not been spayed yet, I don't think the other dog has either as when they have encountered one another they are extremely aggressive towards each other.

Please feel free to WhatsApp me on 0746382248.

Kind Regards,
Jennifer vd Berg
