Subject: An inspector urgently needed

Dear SPCA

A man named Roland has been sharing his irritation with stray pets or wandering pets in Atlantis on Facebook.

His address:

9 shelley court
Avondale
Atlantis
Roland: +27 73 663 0206

He cannot understand that these animals are innocent victims and keeps on sending messages and videos documenting his irritation.

Roland also communicated that a neighbour has a very ill dog and they are refusing to take the animal to get vet care. The husband doesn't want to.

There is a cat with half his or her nose missing at his house. It's not his cat.

Roland does not understand that all this is severe animal cruelty, or is refusing,

He is open to assisting with the rescue of the cat.

Apparently also a dog with 3 legs wandering around. Still waiting on images as well as any direct answer to questions such as ... is the leg still attached ?

I hope that you will be able to help. I told Roland that I will make contact with the SPCA and he is open to your help.

Kind Regards

Doreen Southwood
