Upon arrival Inspector Davids and I conducted the follow-up inspection on the property after the owner had granted us access.

We enquired with the owner if the cats had been taken to a veterinary clinic and the owner said that unfortunately her son had not been able to take them. We informed the owner that a second warning would be issued to procure veterinary attention.

There was water available, adequate shelter, space available and the living environment appeared to be clean.

Inspector Davids issued a second warning to:

1. Take your two cats to a veterinary clinic within 48 hours and provide proof thereof. The cat named Sparky has lesions on the face and the cat named Mother Cat appears sick.

The owner signed and accepted the warning.
