Upon arrival, Inspector Davids informed the owner that we are here to conduct the follow-up inspection and the owner subsequently allowed us access to the property.

Inspector Davids and I observed a kennel on the property, there was water available, clean living environment and adequate space. Both the dog and the cat appeared to be in fair condition and I also treated the dog for worms and external parasites and the cat received dewormer.

The owner has complied with the warning which had been issued and this matter can be finalized as both the animals are sterilised already.
