Upon arrival, Inspector Davids and I informed the owner that we are here to conduct the follow-up inspection. The owner allowed us access to conduct the inspection.

We observed the cats on the property and they all appeared groomed, there was also a food bowl available to them so that they are not eating from the floor. The living environment appeared to be clean and there was also water available. Upon our arrival, Inspector Davids and I informed the owner that we were there to conduct a follow-up inspection.

We gave deworm tablets to the owner to feed to the cats and informed her of the dosages to be provided.

The owner has complied with the warning that was issued so this matter can be finalized.
