Hi Guys

This dog Quennie is at the back of the house - there is an old lady in front who will say no dogs - a rasta guy lives at the back he keeps her there - there are 4 puppies - she is very very underweight and the children were throwing stones at her in the street when she was looking for food - she is only used to breed

Please can you send an inspector in - he must ask for the people at the back entrance however is through the old woman's house and she is terrible - dog is queenie

Thank you
