Upon arrival, Inspector Davids informed the owner that we are there to conduct a follow-up inspection. The owner allowed us access to conduct the inspection.

The owner had made an attempt fix the one shelter but it was unfortunately still not adequate to protect from weather conditions. We made a few suggestions to the owner and said we would follow up on 11 August 2025.

We asked the owner if he had taken the two dogs to a veterinary clinic and he said no he hasn't been able to take them yet. The owner said that he will definitely take them within the next two days. Inspector Davids informed the owner that a second warning will be issued and he must comply to avoid further action.

There was water available and adequate space.

Inspector Davids issued a final warning to:

- 1. Take both dogs (Bruno and Tango) to a veterinary clinic within 48 hours and provide proof thereof.
- 2. Erect and fix the shelter within 48 hours.
