Comments:	I phoned and spoke to the complainant. She told me that sometimes, she see dogs tied to shopping carts opposite the scrapyard with no owners by them. I explained to her that sometimes vagrants can't leave their dogs were they live while they go look for scrap so they chain the dog to the shopping cart to prevent the dog from getting knocked by vehicles which she understood. The dogs that the complainant saw is not there permanently and only come when their owners come to the scrapyard. Case to be closed
