Please describe the concern you have

There are two dogs on the property. I have seen multiple times from my upstairs bedroom that these 2 big dogs are sleeping in the lobby. It is a tiny space located by their backdoor. The lobby has a big washing machine standing in it, it is located by their back door and is locked with a gate at night, the dogs can barely turn around in that tiny space. These dogs need to be taken away, they are becoming a nuisance to the owners. The owners live on the property and dont want the dogs in the house because they are so fragile but they keep bringing them in when they arent looking. Please keep in mind the owners of the house are old people and in their mid 90's. The owners of the house are not the owners of the dogs. Nobody is able to do anything about it, they spoke to them multiple times but dont listen and because the dogs owners refuse to spend their money they use for their luxury lifestyle on a kenne! The yard is big enough for 2 kennels and no dog should be stuck in such a tiny space for 10 hours from the evening till morning. Please go speak to this people. Please take these dogs away!!! The owners of the dogs are Cheryl and Robin.
