Dear SPCA Inspectorate team

I hope you are all doing well.

We received a request from a community member who wishes to remain anonymous for us to collect an injured and sick Dog from this address: 128 11th Avenue, Retreat that requires urgent veterinary care.

When we arrived at the house the owner was very rude with our staff and would not let us assist with veterinary care.

He refused to give us his details as well.

The dog is limping badly and has a chronic eye issue.

Please can you send an inspector to investigate.

Many thanks &

Best regards
