Upon arrival, Inspector Davids and I informed the owner of the dog that we are conducting door-to-door inspections in the area and we would like to conduct one at her residence. The owner Mrs. Fredolene Jacobs granted us access to conduct the inspection.

We observed a tan xbreed dog named Jingles and the dog appeared to be slightly underweight , the living environment appeared to be reasonably clean. There was no water available for the dog and there was also no shelter for the dog. The dog has been sterilised already by another Welfare Society that operates in the area.

Inspector Davids issued a warning to:

1. Provide adequate food on a daily basis.
2. Ensure clean water is available at all times.
3. Get adequate shelter within 5 days.
