Comments:	Arriving at the given location, accompanied by Peace, there was no dog seen. Still, as we walked towards house number 15, we observed the dog in question sitting under a carport barking. We called and knocked on the gate, and the owner of the property came out. We introduced ourselves and stated the reason that brought us to the property. The person who walked the property introduced herself as Amasia zuze (0791594475) from 15 Don Carlos. East Ridge, Mitchell's Plain, is the owner of the dog. Furthermore, Amasia stated that the dog had been injured for about 2 weeks. She mentioned that she is new to the area, but she will try by all means to take the dog to the vet tomorrow. We provided her with PDSAs. Unfortunately, we could not enter the house since we were not comfortable walking in since she was a woman alone with her 2 boys. An inspector will follow up on Friday.
