Comments:	Then I decided to call the complainant in order to get more details and correct address. The complainant told me that, the property address is No 8 Stable Close, I wanted to know the nature of the complaint, she told me that, when she came back from work she found one of her dogs sitting into the corner looked scared and you can see that the dog was abused, I told her that, it will be difficult to proof that, as it will like hearsay story at th3 court, I requested her to take a video when this is happening as she mentioned that, it happened a lot. Then sje told me that her daughter is at home, then I proceeded to her home.
