Subject: GSD in table view area

Good day
I'd like to please remain anonymous in my reporting this,

as these are clients of mine.

They have a very old GSD with chronic ear issues (continuous head shaking and discharge), bad hips and poor coat condition. There is 1 dog kennel for it to share with a young mallanois (not large enough for both dogs).

I've been grooming their shnauzer (which is well looked after and lives inside) since January this year and have been told by they owner that they are aware the old GSD needs to be put down 'but they don't have the heart' to do it.

It's really sad to see the dog in this condition, having to live outside.

The address is 42 Sparrow Crescent, Flamingo Vlei (table view area).

I'm aware that this is not a good picture, I did not want to draw attention to myself.

I certainly hope you can tell these people to make the decision to have their dog humanely euthanaised.

Thank you

Maxine
