Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele from the Cape of Good Hope SPCA knocked and shouted from the gate but there was no answer at the property.
From the gate we could observe an adult X breed dog, fair body condition but tethered on a static rope of inadequate length. The dog had access to adequate shelter and water. We went next door to ask the neighbour if we can check over from their wall, where we confirmed as such. The living area is clean but the area where the dog has access to is very limited due to the chaining.
I issued a warning, 21810, to:
* Untie the animals immediately to roam freely inside the property or as a last resort place the animal on a "running chain" within 6 days
* Contact the Cape of Good Hope SPCA within 7 days to discuss the concerns.
Myself and Inspector Lwazi Ntungele cosigned the warning, and I attached it to the front gate of the property. As we were leaving, the owner came to the property. He introduced himself as Mr Patrick De Boer, and confirmed all the observations we made. He said the dog jumps over the gate out the property, thats why it is tethered. We informed he will need to either let the dog roam free and secure the property or in the interim of doing that, he must place the dog on a running chain as stated on the warning. He agreed to such.
