Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele of Cape of Good Hope SPCA met with a lady named Margene Martin, who identified herself as the babysitter and domestic of the house and who granted us access to the

property. She informed us that the owner is a Mr Keanu Jordaan, and he is at work currently.

Inside the house, we observed an adult male X breed dog, fair body condition and free roaming on the property. The area was clean and there was water available for the dog, but there was no shelter observed outside. There was a water bowl inside the house as well with clean water. Marlene explained that the dog is kept inside the house today because it is raining, and the water bucket was moved inside because of that as well. She also explained that the dog sleeps inside the house as well, however I asked her if the door stays open all the time when the dog is outside and she said not all the time but most of the time. I informed her that if that is the case, then the dog will need adequate shelter for the dog when is outside and does not have access to the house.

I issued a warning, 21804, to:

•Provide the animal with adequate shelter against the elements within 7 days, for the times the dogs are outside and cannot gain access to the inside of the house.

The warning was consigned by myself and Inspector Lwazi Ntungele. The warning was signed and accepted by Miss Margene Martin on behalf of Mr Keanu Jordaan.
