Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele from the Cape of Good Hope SPCA knocked and shouted from the gate but there was no answer at the property.

From the gate we could observe an adult Pitbull dog, fair body condition but on a static chain of inadequate length, and the chain was raw around the dogs neck. The dog had access to adequate shelter but and there was a water bowl but it was empty. We went next door to ask the neighbor if we can check over from their wall, where we confirmed as such. The living area is clean but the area where the dog has access to is very limited due to the chaining.

I issued a warning, 21802, to:

- Untie/unchain the animals immediately to roam freely inside the property or as a last resort place the animal on a "running chain" within 7 days
- Provide the animal with sufficient clean potable water 24 hours a day.
- Provide a suitable collar for the dog within 7 days.
- Contact the Cape of Good Hope SPCA within 7 days to discuss the concerns

Myself and Inspector Lwazi Ntungele cosigned the warning, and I attached it to the front gate of the property.
