Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele from the Cape of Good Hope SPCA met with Mrs Monique Cupido, owner of the dog on the property. We observed a small X breed dog, fair body condition, tethered on a leash. The dog had access to adequate shelter and water, and the living environment was clean. Monique took the dog off the tether at this time so that we could inspect the dog. I asked why they tether the dog, and she said she is worried that the dogs in the street will attack the dog, as a previous dog of theirs had that happen to them. I explained to her that is not a sufficient reason as the property is fenced up, and they should rather keep the dog in the house with them when they cannot watch the dog while it is outside. She agreed and confirmed she will no longer tether the dog.

I issued a warning, 21815, to:

* Untie/unchain the animals immediately to roam freely inside the property, and to refrain from tethering the dog unnecessarily.

Myself and Inspector Lwazi Ntungele cosigned the warning, and Mrs Monique Cupido signed and accepted the warning.
