Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele from the Cape of Good Hope SPCA knocked and shouted from the gate but there was no answer at the property.

From the gate we could observe an adult male Pitbull X dog , fair body condition but on a static chain of inadequate length, with the raw chain around the neck. The dog had access to adequate shelter but and there was a water bowl but it was empty. We went next door to ask the neighbor if we can check over from their wall, where we confirmed as such. The living area also has rubble on the ground which could affect the animal, and the area where the dog has access to is very limited due to the chaining.

I issued a warning, 21809, to:

- Untie/unchain the animal immediately to roam freely inside the property or as a last resort place the animal on a running chain within 6 days.
- Provide the animal with sufficient potable water 24 hours a day.
- Clean and hygienicallly maintain the animals living environment within 6 days.
- Provide a suitable collar for the dog within 6 days
- Contact the Cape of Good Hope SPCA within 6 days to discuss the concerns.

Myself and Inspector Lwazi Ntungele cosigned the warning, and we handed it to the neighbor Ida Persat to give to the actual owner of the dog. Mrs Persat signed and accepted the warning on behalf of the owner.
