Comments:	Mr Washington Mvidini (Supervisor 1 K9 unit) and Mr Edmond (Luvuyo) Matiki (Supervisor 3 K9 Unit) was at the SPCA yesterday with Milo for the X-Rays as requested. They were assisted by Dr Janse Van Rensberg who is also their vet at Wingfield so she was very happy to see that they brought the dog for treatment as requested. According to the Dr, the dog's legs is fine but he is starting to show early signs of early hip displacia but she will manage it will pain tables and the dog will be booked off for a bit t rest. We can follow later in next month because Dr Van Rensberg is going to have Moosa come to us for X-Rays as well but after the 14th of October only because he is currently on treatment.
