Comments:	I spoke to Susan, whose vehicle was stolen about a month ago. She had planned to bring the dogs in herself for sterilisation. Unfortunately, our vehicles are too small to transport all five dogs at once due to their size, unless we use the cage van and collect them one at a time. The owner is, however, not comfortable with this arrangement and advised that she will speak to the area inspector and let her know once she can arrange a vehicle to bring all the dogs in together.
