Comments:	There is no way for me to get the dogs there at this stage. I do not own a vechile . Initially they where to be collected in June jelly holiday when I am home to make sure all went well. I was now told they can't be collected as a grpup as it's so much later and they have grown. I am only on holiday in October and hoping by then I will have found some transport I can afford . I could then try to bring them through as a group. This is the best option I have at this stage as I'm a pre school teacher and work 42km from home. I now getting a lift in with a family member. There is no public transport to my place of work. This also means school holidays are the best option. At this stage there is nothing I can do.
