Subject: Fwd: Kiki - my dog at 151 Buitenkant St - vet ACCOUNT attached

Dear SPCA

Please find attached vet account from Gardens vet where Kiki had a consult yesterday.
She received a cortisone injection and has preds cortisone tablets to counteract any itching.
She had Bravecto on Monday 8th September and

The manager at PDSA in Bridgetown had said she didnt need Preds - just Allergex - obviously nonsense -because she scratched her eyes badly the night before you arrived.

The vet Amir who saw her yesterday is on locum at GArdens Vet is available to communicate with you today - the phone number is 072 722 5015.

He didnt know what you want in your report.

It would have been helpful and less distressful to the dog if she had Bravecto from the beginning of the SPCA visits. The Frontline didnt work and delayed her recovery. It would also have been helpful if I had been told that their were Mobile clinics in Bo-Kaap and Woodstock.

Please also know that my temporary financial situation is as a result of a 2 decade legal prolem with Overstrand Municipality from which I lost all my life savings and pension - and am coming out of a debiltating depression as a result of the final legal meeting last year. Alan Winde and the Minister Anton Bredell told me that I had to take the municpaility to court but I didnt have the finance to go to court. Minister Bredell said I would win the court case. But I had depleted all my resources by this time.

So going forward I am doing a big project in Portugal and will be in a better financial situation.

Thanks for your care.

Jeannette
