Type:	CALL RECORD - MADE
Follow-Up Date:	2025-09-18
Comments:	I called the owner and he said that his son was about to take the dog today to Cradock, he says there is aparently a veterinary clinic there. The owner claims that his son was on his way today but they started shooting in the area and could not. I do think we should get a warrant as the owner has demonstrated non-compliance over a period of time.
