Comments:	The owner, Mr Kyle Jonas with ID number 9203135146083 and cellphone number 0814411951 and his partner Ms CJ Franks with ID number 8808080124082 and cellphone number 06154408586, came to the office yesterday to lay claim to their dog. They said the dog belongs to both of them and Kyle said he had the dog since it was a puppy. The owner said he only called after the final warning that was issued because he only adhered to the cleaning and other things that was ticked off on the warning and thought that is enough , without calling us. I explained to him that part of the complaint was that the dog was abandoned and he should have called us immediately after receiving the first NTC. The owner said that the dog was not abandoned; his kids come to the property late in the afternoon after school because they live in a different property not too far from the one where we seized the dog. The owner further said the dog gets fed on a daily basis by his kids and the dog is fed too. The owner said he definitely wants his dog back and not surrender the dog. I told the owner and his partner that I will have to check what the outcome of the vet's report is and the dog will have to be sterilised.
