Subject: Re: CoGH SPCA: 27 Santos Street Rugby Cape Town

Good day

With thanks for your intervention so far. However,

I notice the puppy is now kept in the backyard entirely.

A person was seen picking the puppy up by the scruff of the neck and taking the puppy to the backyard.

The children are away all day, there is no-one for the puppy.

The children the main child continues to pick the puppy up by the either the front legs or the back legs and turn the puppy upside down.

When is the SPCA going to intervene and remove this puppy for a better life elsewhere ?
