| Comments:       | Spoke to Mr Bruce, who advised he is struggling to find a way to get the dog to the vet. I told him he will need to make a plan soon to get the dog to the vet, otherwise he should rather surrender the dog. He said he doesnt want to surrender, he is determined to get the dog to the vet. I told him I will extend the time but he must please ensure it is done. I issued a notice to comply, 14753, to: Provide adequate veterinary attention for the dog Hunter within 72 hours, as the dog has sores all over and is slightly underweight. |
