Comments:	I was at the property this morning with LE to enquire regarding what happened on the night her dog escaped and she was able to tell me everthing. I must draft her affidavit because she wrote it on a page . Officer Alexander was with me and heard the story as well . The owner said that the dog managed to open the gate but she also admitted that the dog was roaming the street frequently. The owner was issued with a fine for not being able to confine her dog as the dog would never have fought if the dog was not able to escape. I then proceeded to the property of the suspect, I will open a case for that property and update it accordingly. I need to get the account of events from the suspect and then decide from there if we can still proceed with a cruelty case against him.
