Follow-Up Date:	2025-09-29
Comments:	Upon arrival, we met with the owner's girlfriend, who allowed us to see Bruno. Ricardo was not present at the time. She informed us that when the collection officer previously came to collect Bruno for sterilisation, the settlement's community denied him access to the farm . I advised her that I would contact the area inspector to make new arrangements for the sterilisation and that we would be accompanied by law enforcement to ensure the process is completed.
