Please describe the concern you have

My neighbor keeps two dogs in their third-floor flat. They are never groomed, and the stench coming from the unit is overwhelming. This raises serious health concerns for both the animals and neighboring residents. I've addressed it with them, and they claim the dogs are "afraid of water," which is not a valid reason for neglect. The dogs are rarely taken outside, and I'm concerned about the risk of disease, poor hygiene, and the animals' overall well-being
