Good day

can you please be of assistance in Fisantekraal again with 2 cases:

9 Goudstad - a very emaciated female Pitbull, Mia, at the back of the house next to a Wendy house.
As you can see she is just skin and bone. The water bowl was green and smelly and we gave her
some food which she just gulped away. We did clean the bowl and gave clean water and also left
some food with a lady at the front brick house.

Please see the attached photos.
